Raj, I don't think so. Pretty sure they are asking about your air analysiss SOP. But we will deal with it.

Cynthia,

The press person is talking about SOP for water samples. The water samples were collected by USGS for their analysis. Art smith requested that USGS collect some split water samples to ERT to perform analysis for 4-MCHM. Please contact Art Smith of Region 4 for results and location of the Samples.

Thanks.

-Raj

The samples were **not** from WV

EPA ERT (Raj) did draft an SOP for an air method. I will need to check with Jack Kelly about whether it can be released and the exact purpose.

Cynthia – I work in the Region 3 press office and I am trying to get a response for this reporter from a Charleston TV station, but I am not really sure what she is talking about. I think this email was originally supposed to be sent to you. Check out the email and let me know if you can help us develop a response. Please copy Bonnie Smith on your response. Thanks. – Roy

**To:** Werner, Lora; [caporla.cynthia@epa.gov](mailto:caporla.cynthia@epa.gov)  
**Subject:** SOP for crude MCHM

Hey Lora and Cynthia,

My name is Alanna and I'm a reporter for WOWK in Charleston. I am hoping to ask about an SOP conducted by Raj Singhvi for 4-MCHM in late January. What is the purpose for a SOP method and what were the results of this endeavor?

Please give me a call back at your soonest convenience. Thanks. My deadline is at 2;30.
